CIRCULAR

In near future the government intends to relaunch the information technology enabled Bhamshah Scheme, under which the individual and family based benefits as well as cash transfers under various public welfare schemes to the beneficiaries, will be delivered at their doorsteps with complete transparency and high level efficiency.

An integrated database is essential to integrate the computerized systems of different departments with the centralized IT system of Bhamashah Scheme, for the successful implementation of the Scheme. Under Bhamashah Scheme, the demographic data of ordinary residents above 5 years of age will be collected through carrying out an extensive survey in all the districts. The Format for collection of this demographic database is attached herewith.

Simultaneously, for such residents whose Aadhaar enrolment has not yet been done, the opportunity for the Aadhaar enrolment will also be provided in these survey camps. The annexed format also includes the data being captured under Aadhaar.

Using the above two dataset, various schemes of the government would be implemented through the Bhamashah. In this regard, all the government departments are expected to :

1. Examine the informations proposed to be collected under the above two dataset vis-à-vis the information required by your department for implementation of various schemes (family based or for individuals).

Government of Rajasthan
Department of Information Technology & Communication

2. Inform the Secretary, IT&C before 20th May, 2014 ***if any additional data is required to be collected, and if so what is the data required.*** It is mandatory to mention the source, and the process of validation, of the additional data that is being sought.

Additional Chief Secretaries/Principal Secretaries/Secretaries concerned may go through the information personally, at their own level. If, at a later point in time it is discovered that any scheme is not being able to link with the Bhamashah Platform, due to gaps in the data sets, then responsibility would be fixed.

This issues with the approval of Chief Secretary.

Secretary, I.T. & C.
