## Circular

Rajasthan Centre of Advanced Technology (R-CAT) has been established by the Government of Rajasthan as a Society under the Rajasthan Society Registration Act, 1958. It is managed under the aegis of the Department of Information Technology & Communication (DoIT&C), Government of Rajasthan (GoR). The Centre specializes in offering comprehensive training programs focused on advanced and emerging IT technologies like Artificial Intelligence, Machine Learning, Data Analytics, Cloud Computing, Block Chain, Quantum Computing, Artificial Reality /Virtual Reality, Digital Media, and Cyber Security to upskill the learners to get absorbed in the emerging technologies of the IT industry. R-CAT courses are cost-effective and will  enable employees to adopt and  adapt new solutions to enhance citizen centric services.

Officers are encouraged to choose training programs that are pertinent to their current roles and the types of assignments they are expected to undertake in the future. These trainings are expected to enhance the transparency, efficiency, and delivery of e-governance services.

Therefore, all the Departments, Boards, State PSUs, Societies, Corporations and Undertakings of the State Government are directed to take advantage of this Institution to fulfill the training needs of their employees and to give wide publicity of the same amongst their officers. Henceforth, Departments are directed to leverage the services of R-CAT for all forms of IT/ITES training programs in Rajasthan.
