No.F.5(892)/DoIT/Tech/15 / I /43532/2-16   Jaipur, Dated: 05/01/2-16

Office Order

As part of implementation of Rajasthan eGovernance Framework, the Department has implemented Raj eVault, which shall act as the centralized Enterprise Document Management System for all deliverables being generated by applications and platforms in Rajasthan for residents.

The project has functionality for

- Individual, Family, Governmental and Organizational secure eSpace to residents and organizations, enabling them to store documents along with meta data for validations.
- Safe document storage, sharing and approval protocol to avoid requirement of seeking copies of documents.
- Deliverables getting generated through departmental applications can directly be sent to respective eVault for storage and future use.

All OICs must ensure that any new applications under conceptualization or development should use Raj eVault as the centralized DMS for the deliverables being generated. All currently running applications shall also ensure to link Raj eVault for their deliverables management.

The onboarding form for Raj eVault is available at the portal, http://evault.rajasthan.gov.in which needs to be filled by the respective project OIC to initiate the onboarding process.

For integration and any queries, following may be contacted:

1. Smt. Deepshikha Saxena, SA (JD) at dsaxena@rajasthan.gov.in
2. Shri Manu Shukla, Project Officer at manu.shukla@rajasthan.gov.in

(Akhil Arora)
Secretary, IT &C
Jaipur, Dated: 05/01/2016
