

GOVERNMENT OF RAJASTHAN  
Department of Information Technology & Communication

No. F5(856)/DoIT/Tech/2014/ I/26746/2014

Jaipur, Dated : 15/12/2014

Director (Technical),  
RajComp Info Services Limited (RISL),  
Yojana Bhawan, Tilak Marg, C-Scheme  
Jaipur - 302005.

Subject : **Reg. Security Audit Policy for web hosting contents on RSDC.**

Sir,

With reference to the above mentioned subject, DoIT&C has procured IBM Appscan tool for inhouse security audit of websites / applications / portals to minimize the malicious threats to confidentiality, integrity and availability of web contents on RSDC.

It has been decided that from now-on security audit of all websites / web application / portals of RISL / DoIT&C and other government departments/ organizations hosted at RSDC may be performed through the Appscan tool regularly and websites / web application / portals may be deployed in public domain through the production servers in RSDC after performing internal security audit through the IBM Appscan tool.

The external security audit of all websites/ web application / portals hosted on RSDC shall be conducted through Cert-In empanelled agency once a year i.e. in the month of April-May to minimize the risk of expose in global network by applying various monitoring tools on internet.

A policy in this regard is being formulated separately and the same shall be sent at the earliest. In the meantime, RISL may start processing the security audit as per above decision.

**This bears the approval of Secretary, IT&C.**

  
( **A.M. Deshpande** )  
Technical Director  
& Joint Secretary
