

F11(154)/DoIT/Project/13 / Ml-162 File No. Dated: 15.4.2013
Order

**Constitution of committee to review the utilization status of internet connectivity
provided under SeCLAN in Jaipur**

During the 40th meeting of the SeMT, it was observed that the internet connectivity provided through SeCLAN to various buildings under the Metropolitan Area Network within Jaipur is not being optimally utilised. This is because most of the government departments functioning out of separate building outside Secretariat have opted for either point to point leased lines through BSNL or are using the connectivity provided by NIC. The Committee observed that such departments may be allowed to continue with only one source of connectivity.

In order to review the current status of connectivity being utilised under M.A.N, a committee is constituted as follows:

1. OSD, RSWAN, DoIT&C Convenor
2. Additional Director – II, DoIT&C
3. Representative of SIO, NIC

The Committee would report on the level of usage, speed, uptime, satisfaction level of users, buildings to be connected or disconnected, etc.

The Committee would submit its report on optimal utilization of the internet connectivity under SeCLAN to Secretary, IT&C by 15th May 2013.

By order of Governor

25/2/2013
(Sanjay Malhotra)
Secretary, IT&C
