## **2. PROJECT PROFILE & BACKGROUND INFORMATION:**

- 1) Finance Department of the State deals with Budgeting and Accounting of the State according to the rules and procedures outlined under various Acts / Rules. In Rajasthan, IFMS was conceptualized in Financial Year 2010-11 under the ambit of Finance Department to address the shortcomings of earlier offline computerization pertaining to Budget and Treasury related functions. *Directorate of Treasuries and Accounts was nominated as Nodal Department for implementation of IFMS and NIC was nominated as implementing agency.*
- 2) Current architecture of IFMS makes budgeting processes more efficient, improves cash flow management, promotes real-time reconciliation of accounts, strengthens management information system, improves accuracy and timeliness in accounts preparation, brings transparency and efficiency in the public delivery system, better financial management along with improved quality of governance.
- 3) The IFMS has been designed to be developed as an umbrella system covering all modular systems and their integration to ultimately achieve the status of complete computerization of state wide financial transactions with an aim of efficient monitoring. IFMS has matured from a software package into a suite of applications catering to various aspects of financial management in Government of Rajasthan.
- 4) Above functions involve interacting with 67 Administrative Department, 145 Departments, 204 Budget Controlling Officers, 32,000+ drawing & disbursal officers, 41 treasuries, 258 Sub Treasuries, 45+ banks, 4500+PD Account holders, Banking operations with all autonomous bodies/ Panchayat Samities/ Gram Panchayat etc., more than 15 lakh employees and pensioners and 90 lakhs social security pensioners. To manage this complex ecosystem, Finance Department established an Integrated Financial Management System (IFMS) based on the requirement of different stakeholders and their functions. *(Number of DDOs, Divisions, PD Account Holders, Banks, Treasuries, Sub-Treasuries etc. may increase or decrease based on the decisions being taken by the State Government from time to time.)*
- 5) IFMS covers various functions such as Budget-estimation, planning, preparation, distribution, monitoring, sanctions, additional allocations, supplementary grants, excess savings, re-appropriation, e-bills, e-payments, e-account, e-receipts, e-reconciliation. These functions are performed with support of financial institutions such as banks, AG, RBI etc. Additionally, various offices under the control of Finance Department have been encouraged to develop IT systems for facilitation in their day-to-day operations. These systems have been developed using different operating environments, platforms and technologies. Most of the functionalities have been developed and executed with the help of NIC in the last one decade under IFMS umbrella system using different platforms and technologies gradually. Consequently, large volume of data being generated, is being maintained in multiple application systems and there is no single repository for the Finance Department to get a holistic, integrated and real-time view of the vital information.
- 6) With the passage of time and advancement in technology, the requirements of the user departments /stakeholders have increased immeasurably, which are enunciated briefly here below –
  - a. Need of Integration between the treasury system and the stakeholder departments for real time transfer of information.
  - b. Requirement of Secured and automated mechanism of information transfer.
  - c. Need of efficiency in the utilization of human resources
  - d. Real-time availability of MIS reports to all stakeholders.
  - e. Benefiting from technical advancements for reducing maintenance cost, ensuring higher security & availability of data, hassle-free and faster conclusion of activities.
  - f. Need of Tighter security of data and audit trail of all activities carried out within the system.
  - g. Need of Integration with Internal & External systems of stakeholders
  - h. Need of Business Process Re-engineering (BPR) to bring efficiency in the processes
  - i. Solution for issue of Standalone data in multiple applications

- j. Solution for development that has been done in patches/ data sharing issues between multiple applications of IFMS 2.0
- 7) Keeping these in view, the department is in the process to develop a new application in terms of functionality and replace the technology as well, while incorporating business process re-engineering and addressing the shortcomings in the present system. The new system has been called "IFMS 3.0" and is going to replace the existing 'IFMS 2.0' system.
- 8) The existing system IFMS 2.0 was developed on dot net technology. Now State intends to change the technology of IFMS in Oracle-Helidon framework with multiple new insertions to address the gaps and BPR. Multiple applications of IFMS 2.0 will be now available at a centralised architecture so new development of all processes from scratch will be required.
- 9) The Finance Department thereby intends to achieve optimum utilization of Information Technology in its functional areas along with real time decision support system. It proposes to develop comprehensive IFMS 3.0 by integrating various internal and external departments and applications under its purview using latest technologies and state of the art infrastructure.
- a) **Various functions that would be covered under IFMS 3.0 would include (but not limited to)-**
- Budget execution/ monitoring / Management
  - Disbursement Engine with multiple integrations / Sanctions / Master Data Management
  - Revenue management with GST integration/ multiple integrations/ Sanctions / Master Data Management
  - Accounting with integration
  - Migration of existing data/ History data/ verification of data very effectively with centralized data architecture.
  - Centralised UI/UX interface for execution of work and self-services / Common Work flow with user role mapping
  - Mobile apps for all modules as desired by State from time to time
  - Analytical tools / dynamic reports / MIS /Dash boards etc.
  - Major integration – e-Kuber RBI/PFMS/AG/Agency Banks/Banks/Departmental Portals for receipts and payments/ Jan-Aadhaar/Aadhaar/ e-Sign/e-Sanchar/ eco systems of DOIT&C/ITMS/NPCI/ ICDMS/ CCS /any other system as decided by State from time to time
  - Banking platform for CSS schemes/ Parastatals of State – including disbursement and revenue collection
- b) Achieving the above outcome shall involve development of a robust, scalable, resilient efficient, responsive & secure financial application which not-only automates the processes of finance department but also consists of (but not limited to) the following:
- **Identification & Creation of Core IFMS components:** This shall primarily involve identification & creation of core IFMS components / solutions which can interact with other applications and share the master & other transactional data related to budget, expenditure and revenue.
  - **Incorporation of Public Corporations/ Societies & Public Companies:** Public Corporations/ Societies & Public Companies are involved in implementation of major projects and schemes across the State & incorporating their revenues & expenditures through PD accounts & their banks for visibility of finances across the State.
  - **Improvement of treasury operations:** This shall involve reengineering of treasury operations including the process of bill submission, acceptance & payment & reducing redundancy & multiple data entries , PAO system etc.

- **Incorporating Public banks:** Incorporating public banks including sharing relevant data with respect to availability of funds, utilization of funds by the State Government under different schemes
- **Transforming financial process related to salaries, allowances other reimbursements of State Government Employee(s):** Employee related financial processes are one of the prime expenditures & transformation of processes for timely payments to manage the non-scheme expenditure
- **Integration with Schemes & DBT –** Integration with DBT, Banks & other schemes for financial planning, expenditure for real time monitoring of the State finance
- **Integration with Revenue generating department(s) –** This shall involve integration & data sharing with the revenue generating department(s) like Commercial Tax, Excise, Registration and Stamps, etc. to monitor the real time revenues earned, deficits etc.

Achieving the above outcome shall involve development of a robust, scalable, resilient efficient, responsive & secure financial application which not-only automates the processes of finance department but also consists of (but not limited to) the following:

- **Identification & Creation of Core IFMS components:** This shall primarily involve identification & creation of core IFMS components / solutions which can interact with other applications and share the master & other transactional data related to budget, expenditure and revenue. Functional designs have already been prepared.
- **Incorporation of Public Corporations/ Societies & Public Companies:** Public Corporations/ Societies & Public Companies are involved in implementation of major projects and schemes across the State & incorporating their revenues & expenditures through PD accounts & their banks for visibility of finances across the State h/

- **Improvement of treasury operations:** This shall involve reengineering of treasury operations including the process of bill submission, acceptance & payment & reducing redundancy & multiple data entries, PAO system etc.
  - **Incorporating Public banks:** Incorporating public banks including sharing relevant data with respect to availability of funds, utilization of funds by the State Government under different schemes
  - **Transforming financial process related to wages, allowances & medical / other reimbursements of State Government Employee(s):** Employee related financial processes are one of the prime expenditures & transformation of processes for timely payments to manage the non-scheme expenditure
  - **Integration with Schemes & DBT –** Integration with DBT, Banks & other schemes for financial planning, expenditure for real time monitoring of the State finance
  - **Integration with Revenue earning department(s) –** This shall involve integration & data sharing with the revenue earning department(s) like Commercial Tax, Excise, Registration and Stamps, etc. to monitor the real time revenues earned, deficits etc.
  - **Integration with Departmental portals for scheme related payments.**
  - **Integration with banks,** ekuber RBI, PFMS, AG, ECO system of DoIT&C/Departmental Portals
- 3) **End to End implementation of IFMS 3.0:**  
Following key activities are to be performed for end-to-end implementation of IFMS 3.0:
- a) **Understanding of the existing processes, applications and development of Integrated Architecture-**
- Functional Study has been undertaken by the DTA/Project Management Unit for which data flow diagrams have been prepared for each and every process which covers various aspects as required for technical design such as data inputs/points, process flow, business rules etc. Apart from this functional requirement specification (FRS)/ technical designs have also been developed for almost all the processes/functions. UI/UX designs & development have been done for centralised SSO logins/work flow/user role mapping/ processes under disbursement engine, Budget management, etc. SI is supposed to study these DFDs/FRS/ development & designs relating **Disbursement Engine, Budget management, Revenue Management, Accounting platform, integration**, etc. and identify integrated solution components for each of the functional areas involving adoption of best architectural practices and emerging technologies. Since this is a gradual process where changes are supposed to happen as and when required by the central/state government directions, so architecture has to be developed in such a way that upcoming changes / future new developments can be accommodated without any technical challenge.
  - The Successful Bidder will prepare SRS (for those functions/ modules, which will be developed by the Successful Bidder) based on the DFDs / FRS and discussion with the respective stakeholders. The Successful Bidder will be responsible to keep all the technical documentation such as Technical Design /SRS updated as and when changes happens in the system.
  - Conceptualization and technical designing, Solution and Deployment Architecture
- b) **Design, development, operations, Support & maintenance of IFMS 3.0:**  
Understanding, Takeover, new insertions, Design, development, Support and maintenance of IFMS 3.0 for Government of Rajasthan will primarily involve following activities:
- Understanding, Takeover, new insertions of already developed processes & designs
  - Preparation of UI/UX designs, Screen Mock-ups & Requirement documents for all the components

- Design and development of IFMS components as desired and their seamless integration with existing systems
- Development of a central master data hub for IFMS components & sharing the data to other components & departments for real time update on transactions done
- Effective integration among various systems- Departmental Portals, PFMS, E-Kuber RBI, AG, BANKS, GeM, ECO systems of DOIT&C, NPCI/ Janaadhaar/Aadhar/ ITMS / Integrated Cash & Debt Management System (ICDMS) / Commitment Control System (CCS)/ Statistical Analytical Tool/ Advance Salary Integration, other etc.
- Design, development & deployment of APIs, Payment Gateways, Secure API gateways & Web Services for data sharing with other departments and agencies
- Adoption of emerging technologies like Block chain, Big data and advance analytics, RPA / AI / ML, Cloud, Containers, Kubernetes etc.
- Beta version Roll-out, bug Fixation, Application Stabilization.
- Security measures/ audit/ Go-Live
- Support/hand holding/help desk/ Operations and maintenance post go-live / hand holding support

**c) Program Management Activities:**

This shall mainly involve management & monitoring development of IFMS 3.0 & integration and shall involve

- Interacting with stakeholders of finance department & other associated departments to be integrated in IFMS 3.0
- Preparation of FRS/SRS, detailed functional design document and project plan for the new components / functions / processes as and when required.
- Monitoring the development of application components & updating the same to the senior management
- Development, integration, migration, solutions designing, data warehousing solutions. Security measures in development and deployment, all related works as decided by time to time by State Government.
- Assist in conducting UAT & pilot before full scale rollout of the application
- Assist in implementation & rollout of the application, Support, new insertions, updates, change management, capacity building, help desk

**4) Indicative List of functions / processes (All DFDs will be provided by GOR):**

Functional Study of the modules have been undertaken by the DTA/Project Management Unit for which data flow diagrams have been prepared for each and every process which covers various aspects as required for technical design such as data inputs/points, process flow, business rules etc. Apart from this functional requirement specification (FRS)/ technical designs have also been developed for almost all the processes/functions.

**6) Migration status –**

Oracle resources have been associated with IFMS 3.0 so migration of data from IFMS 2.0 to IFMS 3.0 will be done by them for financial year 2022-23 & 2023-24. Instructions may be provided to Selected bidder for migration of data within IFMS 3.0 for rest of the years on need basis.

**7) Teams available -**

1. PMU is available with PWC/DOIT&C/DTA/ NIC/Oracle resources -
2. UI/UX design team is available from PWC

3. Functional part will always be decided and provided by GOR
4. Technical in charge Officers from DOIT&C/NIC are available.

**8) Technology Stack**

Technology stack to be used for IFMS 3.0 which is already available and in place at State Data Centre-

- Java 1.8, J2EE
- Application Frontend: HTML, CSS, JavaScript, React, Angular
- Middleware: Oracle Web Logic 12.1, Oracle SOA Suite
- Micro service: Helidon
- Analytics: Oracle analytical Server
- Golden Gate, ODI connector
- Oracle IDAM
- Back end database: Oracle DB 19/21 C
- For Mobile App: IBM Mobile Foundation (formerly named Work light)

The existing infrastructure/ softwares available in state data centre will be used for development of IFMS 3.0 like state master, e-Sign, SSO, e-Vault etc. including below mentioned Oracle Stack:

**Oracle Exadata Database Machine with software licenses:**

- g) The Financial Bid cover shall be kept unopened and shall be opened later on the date and time intimated to the bidders who qualify in the evaluation of technical Bids.

**12) Selection Method:**

The selection method is Least Cost Based Selection (LCBS or L1) based on NPV specified in RFP clause titled "Evaluation & Tabulation of Financial Bids".

**13) Clarification of Bids-**

- a) To assist in the examination, evaluation, comparison and qualification of the Bids, the bid evaluation committee may, at its discretion, ask any bidder for a clarification regarding its Bid. The committee's request for clarification and the response of the bidder shall be through the e-procurement portal.
- b) Any clarification submitted by a bidder with regard to its Bid that is not in response to a request by the committee shall not be considered.
- c) No change in the prices or substance of the Bid shall be sought, offered, or permitted, except to confirm the correction of arithmetic errors discovered by the committee in the evaluation of the financial Bids.
- d) No substantive change to qualification information or to a submission, including changes aimed at making an unqualified bidder, qualified or an unresponsive submission, responsive shall be sought, offered or permitted.
- e) All communications generated under this rule shall be included in the record of the procurement proceedings.

**14) Evaluation & Tabulation of Technical Bids**

- a) The evaluation committee will evaluate all bids and shortlist the bidders who have qualified as per the eligibility criteria as laid down.
- b) The objective of the Technical Bid evaluation is to short list bidders who have the technical competency/ experience/ skills / financial strength that are essential to roll out the project.
- c) **Determination of Responsiveness**
  - a. The bid evaluation committee shall determine the responsiveness of a Bid on the basis of bidding document and the provisions of pre-qualification/ eligibility criteria of the bidding document.
  - b. A responsive Bid is one that meets the requirements of the bidding document without any material deviation, reservation, or omission where: -
    - i. "deviation" is a departure from the requirements specified in the bidding document;
    - ii. "reservation" is the setting of limiting conditions or withholding from complete acceptance of the requirements specified in the bidding document; and
    - iii. "Omission" is the failure to submit part or all of the information or documentation required in the bidding document.

- c. A material deviation, reservation, or omission is one that,
    - i. if accepted, shall: -
      1. affect in any substantial way the scope, quality, or performance of the subject matter of procurement specified in the bidding documents; or
      2. limits in any substantial way, inconsistent with the bidding documents, the procuring entity's rights or the bidder's obligations under the proposed contract; or
    - ii. if rectified, shall unfairly affect the competitive position of other bidders presenting responsive Bids.
  - d. The bid evaluation committee shall examine the technical aspects of the Bid in particular, to confirm that all requirements of bidding document have been met without any material deviation, reservation or omission.
  - e. The procuring entity shall regard a Bid as responsive if it conforms to all requirements set out in the bidding document, or it contains minor deviations that do not materially alter or depart from the characteristics, terms, conditions and other requirements set out in the bidding document, or if it contains errors or oversights that can be corrected without touching on the substance of the Bid.
- d) Non-material Non-conformities in Bids**
- a. The bid evaluation committee may waive any non-conformities in the Bid that do not constitute a material deviation, reservation or omission, the Bid shall be deemed to be substantially responsive.
  - b. The bid evaluation committee may request the bidder to submit the necessary information or document like audited statement of accounts/ CA Certificate, Registration Certificate, ISO/ CMMi Certificates, etc. within a reasonable period of time. Failure of the bidder to comply with the request may result in the rejection of its Bid.
  - c. The bid evaluation committee may rectify non-material nonconformities or omissions on the basis of the information or documentation received from the bidder under (b) above.
- e) Technical Evaluation Criteria:**
- a. Technical Qualification Criteria (TQ) - Bids shall be evaluated based on the documents submitted as a part of technical bid. Technical bid shall contain all the documents as asked in the clause "Format and Signing of Bids".
  - b. Bidders who qualify the technical evaluation shall be termed as technically qualified and would be eligible for opening of financial bids.
- a) Tabulation of Technical Bids**
- a. If Technical Bids have been invited, they shall be tabulated by the bid evaluation committee in the form of a comparative statement to evaluate the qualification of the bidders against the criteria for qualification set out in the bidding document.
  - b. The members of bid evaluation committee shall give their recommendations below the table as to which of the bidders have been found to be qualified in evaluation of Technical Bids and sign it.
  - c. The number of firms qualified in technical evaluation, if less than three and it is considered necessary by the procuring entity to continue with the procurement process, reasons shall be recorded in writing and included in the record of the procurement proceedings.
  - d. The bidders who qualified in the technical evaluation shall be informed in writing about the date, time and place of opening of their financial Bids.
- 15) Evaluation & Tabulation of Financial Bids:**
- Subject to the provisions of "Acceptance of Successful Bid and Award of Contract" below, the procuring entity shall take following actions for evaluation of financial Bids:-
- a) The financial Bids of the bidders who qualified in technical evaluation shall be opened online at the notified time, date and place by the bid evaluation committee in the presence of the bidders or their representatives who choose to be present. Any of the marks obtained during technical evaluation by the bidders shall not be taken forward for calculation of financial bid.
  - b) the process of opening of the financial Bids shall be similar to that of technical Bids.
  - c) the names of the bidders, the rates given by them and conditions put, if any, shall be read out and recorded.
  - d) Conditional Bids are liable to be rejected;
  - e) Financial Evaluation Criteria: To determine the most competitive (lowest or L1) rates, "NPV of the Financial Bid" shall be calculated as under:
    - A = Cost of IFMS 3.0 application development (Ref. Item No. 1 of Financial Bid BoQ) of Financial Bid
    - B = Cost of Support and Maintenance of IFMS 3.0 application after Go-live of (Phase 1 & 2) (Ref. Item No. 2 of Financial Bid BoQ) of Financial Bid

- C = Cost of Training (Ref. Item No. 3 of Financial Bid BoQ) of Financial Bid
- D= Cost of Composite man-month rates of resources to handle Change requests during Support & Maintenance Period (Ref. S. No. 5 of Financial Bid BoQ) of Financial Bid
- E = Payment made to technology partner before O&M period = 80% of A
- F = Payment remaining with tendering authority of A = 20% of A
- G=Total quarters for which quarterly payment to be made during O&M period = 16 quarter
- H = Quarterly Payable amount during O&M period = {C+D+F+G}/16}
- PV Factor = Considering 3% per quarter i.e. 12% annually  
NPV = [E + {H/ (1.03)}] + {H/ (1.03)<sup>2</sup>} + {H/ (1.03)<sup>3</sup>} + ..... {H/ (1.03)<sup>16</sup>}

Note:

- quarterly payment for 16 quarters has been considered for evaluation purposes only. However, the payment shall be made as per payment terms and conditions of RFP.
  - Financial Bid with the lowest NPV shall be considered as the most competitive (lowest or L1) rates.
- f) The evaluation shall include all costs and all taxes and duties applicable to the bidder as per law of the Central/ State Government/ Local Authorities, and the evaluation criteria specified in the bidding documents shall only be applied;
- g) the offers shall be evaluated and marked L1, L2, L3 etc. L1 being the lowest offer and then others in ascending order in case price is the only criteria, or evaluated and marked H1, H2, H3 etc. in descending order. In case quality is also a criteria and the combined score of technical and financial evaluation is considered;
- h) the bid evaluation committee shall prepare a comparative statement in tabular form in accordance with rules along with its report on evaluation of financial Bids and recommend the lowest offer for acceptance to the procuring entity, if price is the only criterion, or most advantageous Bid in other case;
- i) The members of bids evaluation committee shall give their recommendations below the table regarding lowest Bid or most advantageous Bid and sign it.
- j) it shall be ensured that the offer recommended for sanction is justifiable looking to the prevailing market rates of the goods, works or service required to be procured.

**16) Correction of Arithmetic Errors in Financial Bids:**

The bid evaluation committee shall correct arithmetical errors in substantially responsive Bids, on the following basis, namely: -

- a) if there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected, unless in the opinion of the bid evaluation committee there is an obvious misplacement of the decimal point in the unit price, in which case the total price as quoted shall govern and the unit price shall be corrected;
- b) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and
- c) if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to clause (a) and (b) above.

**17) Price/ purchase preference in evaluation:**

Price and/ or purchase preference notified by the State Government (GoR) and as mentioned in the bidding document shall be considered in the evaluation of Bids and award of rate contract.

**18) Negotiations**

- a) Except in case of procurement by method of single source procurement or procurement by competitive negotiations, to the extent possible, no negotiations shall be conducted after the pre-bid stage. All clarifications needed to be sought shall be sought in the pre-bid stage itself.
- b) Negotiations may, however, be undertaken with the lowest or most advantageous bidder when the rates are considered to be much higher than the prevailing market rates.
- c) The bid evaluation committee shall have full powers to undertake negotiations. Detailed reasons and results of negotiations shall be recorded in the proceedings.
- d) The lowest or most advantageous bidder shall be informed in writing either through messenger or by registered letter and e-mail (if available). A minimum time of seven days shall be given for calling negotiations. In case of urgency the bid evaluation committee, after recording reasons, may reduce the time, provided the lowest or most advantageous bidder has received the intimation and consented to regarding holding of negotiations.

- e) Negotiations shall not make the original offer made by the bidder inoperative. The bid evaluation committee shall have option to consider the original offer in case the bidder decides to increase rates originally quoted or imposes any new terms or conditions.
- f) In case of non-satisfactory achievement of rates from lowest or most advantageous bidder, the bid evaluation committee may choose to make a written counter offer to the lowest or most advantageous bidder and if this is not accepted by him, the committee may decide to reject and re-invite Bids or to make the same counter-offer first to the second lowest or most advantageous bidder, then to the third lowest or most advantageous bidder and so on in the order of their initial standing and work/ supply order be awarded to the bidder who accepts the counter-offer. This procedure would be used in exceptional cases only.
- g) In case the rates even after the negotiations are considered very high, fresh Bids shall be invited.

**19) Exclusion of Bids/ Disqualification**

- a) A procuring entity shall exclude/ disqualify a Bid, if: -
  - a. the information submitted, concerning the qualifications of the bidder, was false or constituted a misrepresentation; or
  - b. the information submitted, concerning the qualifications of the bidder, was materially inaccurate or incomplete; and
  - c. the bidder is not qualified as per pre-qualification/ eligibility criteria mentioned in the bidding document;
  - d. the Bid materially departs from the requirements specified in the bidding document or it contains false information;
  - e. the bidder, submitting the Bid, his agent or any one acting on his behalf, gave or agreed to give, to any officer or employee of the procuring entity or other governmental authority a gratification in any form, or any other thing of value, so as to unduly influence the procurement process;
  - f. a bidder, in the opinion of the procuring entity, has a conflict of interest materially affecting fair competition.
- b) A Bid shall be excluded/ disqualified as soon as the cause for its exclusion/ disqualification is discovered.
- c) Every decision of a procuring entity to exclude a Bid shall be for reasons to be recorded in writing and shall be: -
  - a. communicated to the concerned bidder in writing;
  - b. published on the State Public Procurement Portal, if applicable.

**20) Lack of competition**

- a) A situation may arise where, if after evaluation of Bids, the bid evaluation committee may end-up with one responsive Bid only. In such situation, the bid evaluation committee would check as to whether while floating the NIB all necessary requirements to encourage competition like standard bid conditions, industry friendly specifications, wide publicity, sufficient time for formulation of Bids, etc. were fulfilled. If not, the NIB would be re-floated after rectifying deficiencies. The bid process shall be considered valid even if there is one responsive Bid, provided that: -
  - a. the Bid is technically qualified;
  - b. the price quoted by the bidder is assessed to be reasonable;
  - c. the Bid is unconditional and complete in all respects;
  - d. there are no obvious indicators of cartelization amongst bidders; and
  - e. the bidder is qualified as per the provisions of pre-qualification/ eligibility criteria in the bidding document
- b) The bid evaluation committee shall prepare a justification note for approval by the next higher authority of the procuring entity, with the concurrence of the accounts member.
- c) In case of dissent by any member of bid evaluation committee, the next higher authority in delegation of financial powers shall decide as to whether to sanction the single Bid or re-invite Bids after recording reasons.
- d) If a decision to re-invite the Bids is taken, market assessment shall be carried out for estimation of market depth, eligibility criteria and cost estimate.

**21) Acceptance of the successful Bid and award of contract**

- a. The procuring entity after considering the recommendations of the bid evaluation committee and the conditions of Bid, if any, financial implications, trials, sample testing and test reports, etc., shall accept or reject the successful Bid. If any member of the bid evaluation committee, has disagreed or given its note of dissent, the matter shall be referred to the next higher authority, as per delegation of financial powers, for decision.

- b. Decision on Bids shall be taken within original validity period of Bids and time period allowed to procuring entity for taking decision. If the decision is not taken within the original validity period or time limit allowed for taking decision, the matter shall be referred to the next higher authority in delegation of financial powers for decision.
- c. Before award of the contract, the procuring entity shall ensure that the price of successful Bid is reasonable and consistent with the required quality.
- d. A Bid shall be treated as successful only after the competent authority has approved the procurement in terms of that Bid.
- e. The procuring entity shall award the contract to the bidder whose offer has been determined to be the lowest or most advantageous in accordance with the evaluation criteria set out in the bidding document and if the bidder has been determined to be qualified to perform the contract satisfactorily on the basis of qualification criteria fixed for the bidders in the bidding document for the subject matter of procurement.
- f. Prior to the expiration of the period of bid validity, the procuring entity shall inform the successful bidder, in writing, that its Bid has been accepted.
- g. **iii. Penalty for replacement / Exit of resources during FMS period-**

- Replacement of resources shall generally not be allowed. The replacement of resource by bidder will be allowed (with penalty) only in case, the resource leaves the organization by submitting resignation with the present employer or due to any unforeseen emergency subject to approval from Competent Authority.
- The replaced resource will be accepted by the purchaser (RISL/DoIT&C/DTA) only if he fulfils the minimum eligibility criteria as per RFP and is found suitable to the satisfaction of the purchaser. The outgoing resource should complete the knowledge transfer with the replaced resource as per the satisfaction of the purchaser (RISL/DTA). The supplier will have to replace a resource within 15 days or any other period specified by the bidder.
- The penalty per resource would be imposed in case of exit/replacement of resource from the project within below mentioned period starting from the date of deployment of respective resource:
  - Within 6 Month: Rs. 50,000 (Rupees Fifty Thousand Only) per resource per instance.
  - After 6 Months and upto 1 Year: Rs. 10,000 (Rupees Ten Thousand Only) per Resource per instance
  - After 1 Year: No penalty
- Purchaser is free to relieve any resource (apart from minimum committed numbers) at any time (beyond minimum committed period) during contract period without any penalty by serving 15 days advance notice to supplier/selected bidder.
- The maximum total penalty in any quarter shall not be more than 10% of the total amount due for the quarter. Imposition of penalties amounting to 10% of the quarterly contract value for a continuous period of 3 consecutive quarters shall be treated as non-performance and beyond which the tendering authority may initiate action as per RFP terms and condition for breach of SLA if not satisfied with the response given by the selected bidder for reasons thereof.
