

F11(281)/DoIT/Project/14// 25770 /2014

Dated 24-11-2014

**CIRCULAR**

The State Government has taken a decision to establish an integrated web enabled GIS platform based on multiple technologies. It is enjoined upon all the government departments and bodies to necessarily build their spatial and non-spatial GIS based applications on this platform only, to ensure sharing of inter-sectoral layers.

Department of Information Technology and Communications (DoIT&C) has established a centralized Geospatial and 3D Modeling Center of Excellence at IT Building, Yojana Bhawan, Jaipur, wherein necessary infrastructure in terms of servers and software stacks are available for various departments/bodies to access. DoIT&C is also in process of putting in place an unified state wide GIS enabled Decision Support System (RGDSS) for policy planning, decision making and monitoring of various schemes / programmes being executed in the State. Licenses of ESRI and Autodesk product suite are available with DoIT&C. Government bodies can send requisition to DoIT&C for the same. Funds available with various government entities for the purpose can be transferred to RajCOMP Info Service Ltd. as a pool to meet up funds requirement of the software product licenses and infrastructure. As far as the terminal/client side, i.e. work stations, printers/plotters and human resource is concerned, department would procure at their level in accordance with the rules.

The departments and P.S.U.s/Autonomous Bodies would thus henceforth no longer create/procure GIS related server side infrastructure/products in isolation. For any GIS related requirement, requisition for licenses (new / subscription) and server space would be sent to DoIT&C in the template attached.

(C. S. Rajan)  
Chief Secretary

Encl: As stated above

F11(281)/DoIT/Project/14/II 25776 /2014

Dated 24-11-2014
